## The Group

We are the leading global group in surface materials.

We are Formica, FENIX, Homapal, Arpa, Hartson-Kennedy, Westag, Trespa and Direct Online Services. All active in material technology. Panels, doors, worktops: our products range from HPL to solid surface and from decorative metals to FENIX.

Applications include facade cladding, furniture for home, office and laboratory, as well as interiors for healthcare, retail and hospitality. Continuous investment to develop new and innovative products is a key part of the strategy for this group of companies, as well as a fact-based approach towards sustainability.

## The first and original

Formica Group invented high pressure laminates in 1913. Pioneers by definition, our iconic Formica® brand represents the quintessence of laminates.

## Inspired by life

Laminates entered people's daily lives and made modernity dreams come true and accessible. Similarly, the demand for multifunctional, practical and durable designed surfaces is a constant inspiration for our Formica® Collections. At rest, at leisure, at work.

## Evolving with the times

The way people live, work and play continuously changes. Formica Group keep pace with these evolving times through constant innovation, reflecting global trends and responding to ever changing needs and habits. The true original, still surfacing the world.
